Thomas Bayes Sr.

General Notes: Thomas Bayes and his family moved to Clinton Township then Lucas County Ohio now Fulton County Ohio. This is the township where I now live and includes part of the town of Wauseon, Ohio. Governor Lucas commissioned Thomas as the first Justice of the Peace for Clinton Township. First House of Wauseon was built by Thomas Bayes, southwest of present Court House in 1835.

Thomas Bayes Jr is given credit for being one of the founders of Wauseon.

Wauseon was founded in 1854 by four young men with an eye towards the future commercial and industrial growth of this area, and this spirit has continued through 143 years of development. E. L. Barber and J. H. Sargent, young railway surveyors, knew that a depot would be built along the right of way west of Delta. In spite of the fact that the depot site wasn't definite, they, along with Nathnial Leggett and W. Hall, bought 160 acres from Thomas Bayes for $16 an acre. Being nearly five times what good land was selling for nearby, Mr.Bayes must have thought he had a good thing. At a time when most main streets were little more than narrow trails, the proprietors had a 100 ft. wide main street laid out. Even today it can handle most mass transportation. The east-west streets were named after species of trees found on the townsite, and the north-south ones were named after famous men. Eight foot sidewalks on the main street are another unusual feature. Frank H. Reighard1 then a county surveyor, asked E. L. Barber the reason and his answer was "The merchants wanted room to display their merchandise in front of their buildings. They couldn't use the public thoroughfare, so they built their buildings eight feet back of the property lines."

Thomas married **Anna (Mcmillen) WRIGHT?** , daughter of **Unknown WRIGHT** and **Unknown** , about 1797. Anna was born on 31 Mar 1776 and died in 1836 in Holmes, Co. OH, at age 60.

General Notes: Anna may have been a WRIGHT or possibly married first to a McMillen as

Elisha Huntington cleared a substantial acreage, and was an active citizen. One of his sons, William R., was later prominent in York Township. He was postmaster in Delta in 1887 and met a tragic death during the Fourth of July celebrations of that year. A sham battle was in process in the main street of Delta, the opposing forces, Confederate and Union, of course using blank cartridges. But a bullet struck Postmaster Huntington, as he stood near the post-office, viewing the encounter. He died within an hour.

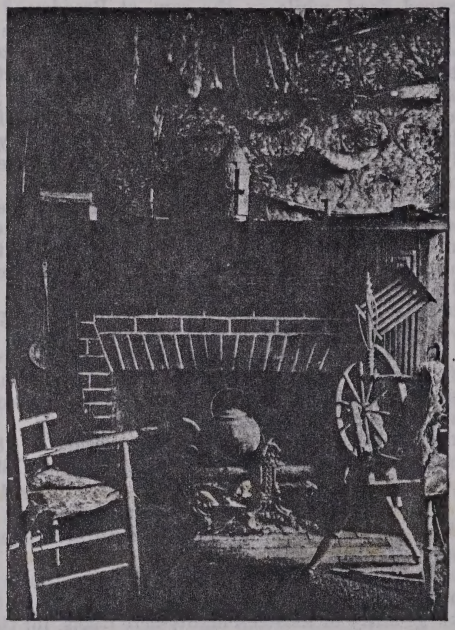
Avery Lamb, who brought his family into Clinton Township, in June of 1836, and with them settled in section 24, upon which he had previously erected a cabin (in the previous winter, stated Mikesell) lived a long life in the township. His end came suddenly, in April, 1874. He "dropped dead, while on the cars, at Broadwood Station, Illinois, about fifty miles west of Chicago." His remains were brought back to Wauseon, "in a beautiful casket and appropriate burial apparel" furnished by the Masonic fraternity. He was a charter member of the Wauseon Lodge, and had been interestedly active in much of the communal affairs of Wauseon and the township. He left a large family. His daughter Permelia, who was scarcely three years old when the family came to live in the wilderness, became the wife of Wauseon's pioneer doctor, Dr. D. W. Hollister, and she and her husband took up their abode in Wauseon as soon as its settlement began. She died in October, 1909, of typhoid fever. Her sister, Lucy, born in Clinton Township on June 11, 1837, and probably the third child to be born in the settlement, "developed a very social and genial disposition, and all her ways and manner were exemplary. She was the reigning belle in the community" averred Rufus Briggs. She married Harvey J. Eager, in 1866, and thereafter, until his death in 1898, lived in Wauseon. For some time afterwards she lived with her son in California and Washington. She was in San Francisco at the time of the great earthquake. She however died in Wauseon, where she was loved and fondly known as "Aunt Lucy Eager." Another daughter, Helen M., born in 1844, married Zina Eager in 1863, who later owned the Eager House at Wauseon. She died in 1898.

Thomas Bayes, Sr., was born in 1775, in Pennsylvania, and in 1820, came with his wife, Ann McMillen, into Ohio, settling in Holmes county. His wife died in 1836, and he then, according to one account, sold his farm and in 1837 came into Clinton Township. His son, Thomas, Jr., was however, seemingly, in Clinton Township in 1836, or before, in company with William Mikesell, his brother-in-law, these two young men making "entry of fourteen eighty-acre tracts, for themselves and certain friends, travelling much of the time on foot, as they had but one horse, which they rode alternately." Thomas Bayes, Sr., did the first blacksmithing in the township in 1838, in a little log shop about forty rods distant from the spot where eventually the residence of Elliot Bayes stood, and on the west side of the road. Thomas Bayes, Sr., was one of the first trustees of Clinton Township.

The Losure family had prominent part in the early administration of Clinton Township, and members of it were later honorably placed in Civil War records. Five brothers served the nation during that war, one giving his life. Mary Jane Losure was the first white female child born in the township, that event taking place on November 6,

1836. She lived in the township until 1888, then going to the home of her married daughter in Montana.

Isaac and Elizabeth Tedrow, with their many children, came from Holmes county, Ohio, in 1836, and settled on section nine. When the log schoolhouse, on section fifteen was opened for its first term, which was in 1839, there were six scholars on the register. Five were of the Tedrow family, Rachel, Catherine, Jeremiah, Isaiah and William, the sixth pupil being Christopher H. Losure. One of these children, Jeremiah Tedrow was destined to become "one of Clinton Township's most prominent farmers," and to meet a violent death in old age. In 1906, when seventy-seven years old, he was kicked by a colt, the injuries proving fatal.



"GEORGE MIKESELL BUILT A SUBSTANTIAL FIREPLACE FOR HIS LOG HOUSE."

In September, 1837, George Mikesell came from Holmes county, Ohio, and settled in Clinton Township. He was a brick mason by trade, and in 1838 put up a small kiln of brick, and eventually built a substantial fireplace and chimney for his log house. Thus, he may be given the credit of having been the first to manufacture brick in Clinton Township. George Mikesell died in 1840, on October 9th, and his wife, Mary Bayes, a week later. Their son, William, born 1810, married Mary, a daughter of Thomas Bayes, Sr., and although he was in the territory earlier, the time of the settling in Clinton Town-

to Miss Lucinda Williams, eldest daughter of the first settler. This was the first marriage contracted in the township.

In 1836, a large accession was made to the settlements of the year before, and among the number that came to the township were: Avery Lamb, who brought his family from Onondaga, New York, in June, and settled on section twenty-four, having come alone the previous winter and built his cabin; and John Losure and family came in the summer of 1836. In April, 1837, Isaac Tedrow and family and William Mikesell and wife came and settled, the former on section nine and the latter on section fourteen. In September of the same year, a large party arrived, consisting of George Mikesell, Sr., and his sons, George, Jr., Adam, Thomas, and James, and a daughter, Mrs. Mary Case, and her son, T. J. Case (then nine years old), who died in 1904; Thomas Bayes, Sr., and his sons, William and Meek, and their families. These all settled in one neighborhood. Elisha Huntington seems to have been the first man with his family to have entered Clinton township in 1836, March being the month of their arrival. He settled upon section twenty-five, and became one of the foremost men of the township in that early day, continuing an active life until his death in 1860.

William Fraker, who in later years was a prominent citizen of Clinton township, was also one of the pioneers of Fulton county. He was born in Ohio, January 19, 1822, and in boyhood came to Fulton county in 1835. He lived in York township for a number of years, and then moved to Clinton township, on section eighteen, and became a very successful farmer.

The first election in Clinton township was held at the home of John Losure, Sr., on the first Monday in April, 1838, at which time fifteen votes were polled, and the following persons were elected to the several offices: Elisha Williams, justice of the peace; Thomas Bayes and Jonathan Barnes, trustees; William Jones, Sr., clerk. It is impossible to give the names of those who voted at this first election, but the names of those who were residents of the township at the time of its organization will suffice. The list may not be complete, but as near as can be ascertained the following settlers were then living within the limits of the township: Elisha Williams, Avery Lamb, Horace Pease, John Losure Sr., William Bayes, Elisha Huntington, Erastus Briggs, Sr., Cyrus Coy, William Jones, George and Thomas Mikesell, Thomas McKibben, Jonathan Barnes, Asa Young, William Mikesell, Samuel Beck, Isaac Tedrow, William Dye, Henry Krontz, St. B. Geer, S. B. Willey, Isaac Dowel, Holmes Bishop, Thomas Lingle, Samuel Gould, Lewis and Samuel Eckhart, John Lillick, Jonathan Inman, Ebenezer Keizer, George Mikesell, Sr., Adam Mikesell, Thomas Bayes, Sr., Meek Bayes and Philip Krontz.

Among the old pioneers of Clinton township is William W. Bayes, who was born in Somerset county, Pennsylvania. He was reared to manhood in Holmes county, Ohio, and in 1837 migrated to Fulton county and located in Clinton township. At that time Fulton

county was in a state of nature, but Mr. Bayes took up a piece of land which he began farming. He became a prominent and influential man, and was very active in all church affairs, services being held in his house until they could find larger quarters. The town elections were also held at his log house for several years, such was the public spirit manifested by him.

Thomas McKibben came to America from Ireland, in which country he was born in 1806. He came to Fulton county in the early part of 1838, and lived in Clinton township until his death in 1873.

Henry Krontz was born in Bedford county, Pennsylvania, and settled in Clinton township in 1836. He was born in 1800, and early in life took up his residence in Holmes county, Ohio, and from there removed to Fulton county, wher he spent the remainder of his life, his death occurring in 1874.

Thomas Lingle was born in 1807, and hence was twenty-nine years old when he came to Fulton county. He purchased 160 acres of land in Clinton township, paying therefor $1.25 per acre, and lived in the township until his death, March 23, 1886.

After the first two years of the advance guard in this wilderness home, there commenced a rapid influx of settlers to Clinton township, to whom vantage ground was given by the assistance of the first dwellers and workers, but the newcomers soon became used to the toils of a frontiersman's life. Among those who came during the few years following the organization of the township were: Joseph Wells, James C. Cornell, Jacob First, Robert McClarren, John Newcomer, John A. Clark, Jacob Funk, James Pease, John Hartman, George Beal, Jacob Miley, Matthias Miley, Joseph L. Royce, L. T. Morris, James Dunbar, John J. Clark, Shipman Losure, John Linfoot, William Harrison, David Gorsuch, Nathaniel Gorsuch, William Hill, David Cantlebury, Jesse Pocock, Israel Pocock, Jonas Batdorf, Jerome Shaw, Ford Lyon, Henry B. Williams, Anthony B. Robinson, and many others who came to the township to make for themselves and families a home.

Joseph Wells was born in Holmes county, Ohio, October 14, 1817, and settled in Clinton township in 1838.

James C. Cornell was a native of New Jersey, and settled in Clinton township in 1839, where he resided until his death in 1882, at the advanced age of seventy-six years. In early life he was engaged in the tailoring business, but later gave his entire attention to farming.

Jacob First was born in Wayne county, Ohio, April 18, 1818. It is not known definitely just when he came to Clinton township, but he was married here on November 29, 1842, so it is certain that he located here prior to that date. His wife was Miss Lucinda Geer, daughter of Smith and Orlinda Geer, who settled in Fulton county in 1840.

Robert McClarren was born in Maryland January 28, 1809, and settled in Fulton county, February 6, 1836, though it is not certain that Clinton township was the place of his first residence.

Thomas Bayes Sr - 1

Thomas Bayes, Sr., was born in 1775, in Pennsylvania, and in 1820, came with his wife, Ann McMillen, into Ohio, settling in Holmes county. His wife died in 1836, and he then, according to one account, sold his farm and in 1837 came into Clinton Township. His son, Thomas, Jr., was however, seemingly, in Clinton Township in 1836, or before, in company with William Mikesell, his brother-in-law, these two young men making "entry of fourteen eighty-acre tracts, for themselves and certain friends, travelling much of the time on foot, as they had but one horse, which they rode alternately." Description: Thanks to Mark Lozer for this info.

Thomas Bayes, Sr.

Thomas Bayes, Sr., son of Stephen, of English and Scotch descent, was born in Somerset Co., PA, Apr. 30, 1775 and died in Fulton Co., Sept. 2, 1850. About 1797 he married Ann McMillen, who was born March 31, 1776. They had six sons and three daughters. About 1820 this family moved to Holmes Co. OH where they lived on a farm until 1837, his wife having died in 1836. In 1837 Thomas Bayes, Sr. came to what is now Fulton Co., OH. He was a blacksmith and the irst justice of the Peace in Clinton Twp., organized in 1838. He was of more than ordinary ability and was a devoted Christian and a member of the Methodist Church when he passed to his reward. Thomas Bayes, Sr., was always fond of doing good, ever holding the respect and confidence of all who knew him. He and his sons William and Meek and their families all settled in one neighborhood, section 22, one mile west of Wauseon. Buried in Bayes Cemetery.

Click Here to Search Ohio Military Records! - Military and civil service records provide unique facts and insights into the lives of men and women who have served their country at home and abroad.

The uses and value of military records in genealogical research for ancestors who were veterans are obvious, but military records can also be important to re-searchers whose direct ancestors were not soldiers in any war. The fathers, grandfathers, brothers, and other close relatives of an ancestor may have served in a war, and their service or pension records could contain information that will assist in further identifying the family of primary interest. Due to the amount of genealogical information contained in some military pension files, they should never be overlooked during the research process. Those records not containing specific genealogical information are of historic value and should be included in any overall research design. A list of Wars fought on American.

Thomas Bayes, Jr., and his wife Lamenta worshiped in Bayes church north and west of Delta, where they lived until 1853. The second church of Delta was built just north of the first church on the farm of Thomas Bayes, Jr.

Lamenta (Swan) Bayes was born in Westmoreland Co., PA, Feb. 11, 1815 and died near Wauseon, OH, Oct. 4, 1905, age 90 years, 5 mo. and 7 days.

JOHN AVERY PARKER mentioned at the end of his WILL, that it had been written on 4 sheets of paper, and that he had signed it Jan. 26, 1852.
Wit. by JAMES B. CONGDON, HENRY H. CRAPO, and LINCOLN F. BRIGHAM.

(P.S. the occupation or business of JOHN AVERY PARKER is not mentioned, but we know from ages of grandchildren; that he was not a young man in 1852. No clue to his death date, altho the year 1889, may have been the year his estate had to be settled because of the death of his 2nd wife, MACY PARKER. And we know he had these children;
1. dau. RUTH P. ALLEN, dec'd. wife of WILLIAM H. ALLEN. That he then had a wife CAROLINE, 1852. That RUTH PARKER and WM. H. ALLEN had 6 children, living 1852.

widow, LAMENTA BAYES, of Wauseon, O.

)

He Willed his personal property to his daughters; MARY HARGER, of Mich., MARGARET and DEADEM BAYES.
"MARY HARGER must have died between the date he signed his WILL and the date he died, as she is mentioned when he made his WILL, but the Court records when the WILL was Probated, mentions the grandchildren, and that MARY HARGER is now dead. He mentioned land in the S½ of NW¼ and SW¼ and SWfract. ¼ of SW½ Sec. 22, T7N, R6E, except 10½ acres he had sold to PHILIP FRUSHART.
He mentioned that his sons, ISAIAH, CAMPBELL, HENRY and WILBUR BAYES already had their shares of his estate....
Exec. WILBUR F. BAYES.

(The BAYES Families seem to have originally lived in Somerset Co. Pa. Several of the families came early and settled where Wauseon is now located. THOMAS BAYES took out 160 acres of land which he sold to WILLIAM HALL an attorney in Maumee City, and to NATHANIEL ENGGETT, which they later had laid out for the original plat of Wauseon. The log house of THOMAS BAYES, the early settler, was located on what is now known as Vine St. , and later was owned by ANDREW B. CLARK. Lots were soon sold and buildings erected near the Railroad, which cuts Wauseon almost evenly into a North and a south Wauseon. The railroad was then constructed and known as the Old Southern Michigan and Northern Indiana R.R. Co. THOMAS BAYES settled in Clinton twp. 1835, when the area was still settled by the Indians. He bought land in Sec. 22, and was born in Penna. 1806. His only wife, LAMENTA, survived him. THOMAS BAYES was followed by WILLIAM BAYES, who also settled upon land in Sec. 22. WILLIAM W. BAYES was a son of a THOMAS BAYES, of Somerset Co. Pa. WILLIAM W. BAYES married MARY TEDROW, in Holmes co. O. They came to Clinton twp. with a small daughter, ELIZABETH in 1837. The other children born here were; JANE: ELLIOTT b 1840, ISAAC F.: MEEK BAYES: MARY & MELISSA BAYES.
JAMES WRIGHT & ELIZABETH (NEIFFLER) BAYES arrived in Fulton Co. and were married in Holmes co. O. They arrived here in 1844, and had children; STEPHEN BAYES, b Holmes co. 1829.; HARRIET: SARAH S.: PARKER: MARGARET & PHILIP BAYES. His farm was located just north west edge of present Wauseon. After the death of JAMES BAYES, 1886 Age 89, his son STEPHEN occupied part of the original homestead farm. STEPHEN BAYES was married 1858 to MARGARET POCOCK, (see POCOCK Will.), and had a son, JAMES A. BAYES, CORA and CARRIE.
JAMES M. BAYES and his wife, ELIZABETH, deeded 1 acres of land to the Cemetery Trustees of Clinton Twp. for $1.00 Apr. 20, 1855. On May 22, 1901, their son, STEPHEN BAYES deeded another 1 and 3/8th acres to the original cemetery, and this is known as the BAYES Cemetery, where many of the earliest pioneer families were buried. The records of the deeds of JAMES M. BAYES can be found on page 142, Vol. 1, Clinton twp. Land Records.
The heirs of one JAMES HALEY who purchased land in Sec. 27, T7N, R6E, Lucas Co. Transfer bk. Vol. 4, p 221, May 1, 1848 can be found when JAMES HALEY died; deeded 80 acres June 4,

1859, as follows;
"We, JOHN HALEY, WILLIAM P. HALEY, RICHARD HALEY, EDWARD HALEY, JAMES F. HALEY, CATHERINE BAYES and THOMAS BAYES; SARAH and REUBEN CANTLEBERRY, for sum of $2,150.00 deed to GEORGE WATSON -----
SARAH E. HALEY wife of JOHN, and NANCY HALEY, wife of Wm. P. HALEY signed, also.
This record gives us a fair information on the sons and daughters of one JAMES HALEY, who purchased land in 1848 in Sec. 27.
Sec. 33, T7N, R6E, gives U.S. Gov. sold to JAMES BAYES, 160 acres, May 23, 1836. JAMES & MARTHA BAYES, deeded land in this Sec. to THOMAS BAYES, who had a wife, CATHERINE, and who deeded land Apr. 8, 1861 to JOHN BAYES.
Thus we find the BAYES family had early settled where our early Wauseon lots were surveyed, and sold about 1855.
The log house of THOMAS BAYES, of this WILL, was the first building in present limits of Wauseon, and located a short distance S.W. of the present Court House. His old home has long ago disappeared from Vine St.)

THOMAS BAYES

The death of Uncle Tommy Bayes, as he was familiarly called occurred at his residence one mile west of town on Monday last. (May 6, 1889 – is penciled in) His death was not unexpected as he has been in feeble health for a long time. Mr. Bayes was born in Somerset Co., PA, May 19th 1806. He came with his parents to Ohio about the year 1816. He was married to Lamenta Swan November 6th, 1834 and moved to Fulton County in 1837, settling on the present site of Wauseon, his farm including nearly all of what is now the business portion. The house in which he lived while owner of the town site was situated on the east end of what is now the residence lot of Andrew Clark, fronting on Leggett Street and is remembered by the early settlers. He sold the track to Barber, Sargent and Leggett the proprietors of the town site and purchased the home where he has since lived and where he died. He was the father of ten children, six of whom survive him. His wife died some years ago. He was a man strictly upright and conscientious, doing what he believed to be right and just regardless of consequences. Possessing a nobility of character attained by few. He was a member of the M. E. church for 58 years his consistency and faithfulness on the line of duty being a model for many. The esteem in which he was held by the community was attested by the large attendance at his funeral which was held at his late residence on Wednesday last nearly 100 teams being in the procession. Rev. J. H. Fitzwater conducted the services and the remains were interred in the Bayes Cemetery.

Henry Bayes from Bryan Library

Infantry, which was assigned to the Ninth Army Corps and placed in the Army of the Cumberland, under General Burnside. After eight months of service he received his honorable discharge because of expiration of service, but later, in 1864, joined the home guards and served therewith four months. When his military career was through, Mr. Bayes returned to the home farm and resumed the duties of peace.

On September 9, 1869, Mr. Bayes was united in marriage with Miss Mary M. Campbell, who was born in Fulton County, Ohio, November 7, 1851, a daughter of Reason and Temperance Campbell. The month following their marriage, Mr. and Mrs. Bayes came to Williams County and settled on a tract of eighty acres, located in the woods. Later Mr. Bayes bought forty acres additional, on which there was located a small house, and subsequently sold his original eighty acres and purchased eighty acres more, all in Pulaski Township. Mr. Bayes continued to be engaged in farming on this property until 1904, and during his long residence in that community made numerous improvements on his farm and cut the first road from Springfield to his home. He was known as an energetic and progressive farmer, who took a pride in his surroundings and made the most of his opportunities, while personally his reputation for integrity was high and his standing in business circles of the best. Since 1904 he has resided at Bryan, where he has displayed all the elements and qualities that combine to make for good citizenship.

Of the eight children born to Mr. and Mrs. Bayes, seven are living: Alice, the wife of N. B. Sandford, of Springfield Township; Temperance, the wife of Frank Spangler, of Bryan; R. E., also a resident of Bryan; Lamenta, the wife of F. L. Doughten, an agriculturist of Center Township, Williams County; Edna, unmarried, formerly a teacher for ten years, but now taking a trained nurse's course at Cleveland; Effie, a graduate of Bryan High School, who is serving as bookkeeper at Van Camp's Condenser, Bryan; Inez, deceased, a graduate of Bryan High School and Michigan State Normal, who was the wife of A. E. Gee; and Wilda, a graduate of the Michigan State Normal School, who is now a teacher in the Schools of Winnetka, Illinois.

The members of the Bayes family belong to the Methodist Episcopal Church. Mr. Bayes has always maintained his interest in the Grand Army of the Republic, and is a past commander of two posts, belonging at present to Evans Post No. 149, of Bryan. He and his wife are charter members of Elm Grove Grange, of which he is a past master. In politics a republican, Mr. Bayes has been an important

HENRY BAYES.—The City of Bryan, county seat of Williams County, has its full quota of men who have stepped aside from the path of active participation in various vocations, to let pass the younger generation, with its hopes, visions and ambitions. In the retired colony of this city is found Henry Bayes, who was for many years a successful agriculturist of northwestern Ohio, and who now is spending the evening of life in comfortable retirement at his home, 446 West High street.

Henry Bayes was born in Lucas (now Fulton) County, Ohio, August 16, 1844, a son of Thomas and Lamenta (Swan) Bayes, the former a native of Westmoreland County, Pennsylvania, and the latter of the state of Maryland. The parents were children when they accompanied their respective families to Ohio, each locating first in Holmes County and subsequently moving to what is now Fulton County. Thomas Bayes located in Fulton County about 1837, first taking up land a mile north of Delta, which he later sold to buy 160 acres, the present site of Wauseon. When the development company laid out the latter city, Mr. Bayes disposed of his holdings to the incorporators of the town and moved to a 160-acre farm which he purchased about one and one-half miles west of that place. There he passed the remainder of his life in the pursuits of the soil, and not only gained material success, but also secured the confidence and esteem of the people among whom the active years of his life were spent. A republican in his political views, Mr. Bayes took an active part in the local affairs and wielded some influence in the ranks of his party. He and his worthy and estimable wife were members of the Methodist Episcopal Church and parents of nine children, seven of whom grew to maturity, while three are living at this time, namely: Henry; W. F., whose home is near Wauseon; and Miss Diadem, who resides at Bryan with the subject of this sketch.

Henry Bayes received his education in the public schools of Fulton County and was reared on the home farm located west of Wauseon. There, in his boyhood and youth, he assisted in the clearing and ditching of the land, and remained at home until his enlistment, June 18, 1863, in Company H, Eighty-Sixth Regiment, Ohio Volunteer

Dear Roena..

I want to congratulate you on becoming the President of the Daughters of Union Veterans of the Civil War. I think that you are the same Roena Bayes that my cousin on the Bayes' side, Mark Lozier of Wauseon, Ohio, has told me about. I was hoping that he could get in touch with you before my father died, so that you might have been able to talk with him.

My father was the great-grandson of Eleanor Bayes and Thomas McKibbin. They were married in Holmes County, Ohio, and later settled in Wauseon, Fulton County, Ohio. Eleanor was the daughter of Thomas Bayes, and she had brothers named John and James. I have been searching for information on the Reverend Jewel Bayes and his wife, Nancy McMillin (en), since they were the grandparents of Eleanor Bayes (McKibbin) and my fourth great-grandparents. I think it is very important to future generations to discover and document the past.

I have registered my great-grandfather, Robert Irvine McKibbin, with the Daughters since he fought with CO K, 38th Ohio Volunteer Infantry of the Union Army, as did his brother William, who was a drummer boy in the same unit for all four years of the war. Robert and William marched with General Sherman through Georgia to Savannah. Now I would like to document my other great-grandfather who fought in the war, John Harrison Barrett, and I would like to know how to go about that. My mother is still living and she remembers her grandfather well. Dear Roena,

I want to congratulate you on becoming the President of the Daughters of Union
Veterans of the Civil War. I think that you are the same Roena Bayes that my
cousin on the Bayes' side, Mark Lozier of Wauseon, Ohio, has told me about.
I was hoping that he could get in touch with you before my father died, so that
you might have been able to talk with him.

My father was the great-grandson of Eleanor Bayes and Thomas McKibbin. They were married in Holmes County, Ohio, and later settled in Wauseon, Fulton
County, Ohio. Eleanor was the daughter of Thomas Bayes, and she had brothers
named John and James. I have been searching for information on the Reverend
Jewel Bayes and his wife, Nancy McMillin (nee), since they were the grandparents
of Eleanor Bayes (McKibbin) and my fourth great-grandparents. I think it is very
important to future generations to discover and document the past.

I have registered my great-grandfather, Robert Irvine McKibbin, with the Daughters since
he fought with CO K, 38th Ohio Volunteer Infantry of the Union Army, as did his brother
William, who was a drummer boy in the same unit for all four years of the war. Robert
and William marched with General Sherman through Georgia to Savannah. Now I would like to document my other great-grandfather who fought in the war,
John Harrison Barnett, and I would like to know how to go about that.
My mother is still living and she remembers her grandfather well. He fought with an artillery unit in
Missouri and saved three gunboats on the Mississippi since he was a mechanical
engineer whose specialty was steam engines. He spent the rest of his

life in the Boston
area, and his last job was restoring the steam engines on the Constitution in the Boston
harbor. I have my great-grandfather John Harrison Barrett's unit and other information,
and I would just like to know where to send it. I also have a letter written in my great-
grandfather's own hand in a beautiful longhand script in which he details his family
history and his war record. I would love to know if there is someplace that I could
put this on file.

I hope one day to be able to meet you, since Mark has mentioned you so often. Again,
I am so delighted that you are the new president.

Sincerely,

Marilyn McKibbin (Sigler)

Hi Ramona..

Yes, I am still trying to find the parents of Rev. Jewell Stephen Bayes of Turkeyfoot Township, Somerset County, PA. He was my fourth great-grandfather. I suspect that his family came from New England as opposed to Virginia and Maryland, where there were many Bayes families because of his name Jewell, which was the family name of a prominent New England family, and I know that the family name was often used as a first name in the past.

When I ran the name Jewell Bayes through my webferret search engine I discovered yet another Jewell Bayes who was living in Cleaveland, Ohio but he was much younger than our Jewell Bayes. His father's name was listed as being Pierre Bayes. I do know, in researching the origin of the Bayes name, that it is a Norman name from the city of Bayeaux in Normandy, France. The strange thing about the second Jewell Bayes, the younger one, is that he was also a reverend. There has to be a connection somewhere, but I do not know where.

Jewell Bayes was the father of Thomas Bayes, who had a daughter named Eleanor Bayes, who married a Scotch-Irish immigrant from County Down named Thomas McKibbin Jr., who arrived in PA at the age of six in 1812. Thomas was two years younger than his wife Eleanor. They were the parents of my great-grandfather Robert Irvine McKibbin, who was a civil war vet. Robert had a son named Royal who had a son named Hugh Robert, who was my father.

I wish that I had more information to help me trace the Rev Jewell Stephen Bayes or his wife Nancy McMillen, but I am up against the old brick wall on this one. Also, I had thought that the wife of Thomas Bayes was Anna Wright McMillen, and now I have discovered that she was a widow and that her family name was not McMillen but Wright, so another door has opened that

I must walk through. I am still a McMillen (I think) through Nancy McMillen, the wife of Jewell Bayes.

That is about all that I have. What do you have?

I am descended from Eleanor Bayes, who was born in 1804 in Turkeyfoot Township, Somerset County, PA. She was the daughter of Thomas Bayes and his wife Ann or Anna McMillen Bayes. Thomas was the son of the REV Jewell Bayes, a Methodist minister, who was born in 1734, but we don't know where. Thomas Bayes headed west from PA and eventually settled in Wauseon,Fulton County, Ohio, where there is a large Bayes cemetery. Many Bayes descendants are still in the area. Eleanor Bayes married Thomas McKibbin Jr., who was born in 1806 in Northern Ireland. Eleanor had two brothers, James and John, and an uncle named Hugh. The origin of this name seems to be Norman French and it is thought that it was originally DeBayeaux. Bayeaux (bay waters) being the name of a town in Normandy. I believe that Rev Jewell Bayes was descended from a Thomas Bayes of New England, going back to the 1600s. There are Churchills and Wrights on that same line, and Eleanor Bayes' middle name was Wright. Jewell was a family name as well. I think that Nancy McMillen and Anna McMillen may have been related in some way. I would love any more information on this particular Bayes family and would enjoy meeting other descendants of Thomas Bayes. My cousin Mark Lozier lives in Wauseon and he is descended from Eleanor Bayes' brother John. He has a lot of great photos and information to share.

Message:
Hi. Eleanor Bayes (McKibbin), the daughter of Thomas Bayes, was my great-great grandmother. She was born in 1804 in Turkeyfoot Township, Somerset County PA. Her parents were Thomas Bayes and his wife Anna Wright McMillen (Bayes). My cousin Mark Lozier in Wauseon, Fulton County, Ohio has most of the Bayes information back to the father of Thomas, Reverend Jewell Bayes and his wife, Nancy McMillen Bayes. Jewell was a Methodist Minister. I found the record of a Jewell Bayes in OH who was born to a Pierre Bayes, but I have not been able to document that. I suspect that Jewell was a family name, as that name is quite well known in New England. I have found a Bayes family in 1755 in Hartford, CT that has similar first names. Please contact me at my private E-Mail address as I have most of Mark Lozier's information. He is descended from Eleanor's brother John, so our great-great grandparents were brother and sister. He has sent me photos of the Bayes farm in OH. Also, I found an interesting article in Washington County, PA about a wealthy man named Thomas Bayes who left for Ohio, and I suspect that he was my third great-grandfather. Eleanor Bayes married Thomas McKibbin in Holmes County, Ohio. They had seven children. Their son, Robert Irvine McKibbin, who fought with CO K of the 38th Ohio Volunteers of the Union Army, was my great-grandfather. His brother William was a drummer boy in the same outfit, and they both marched with General Sherman (also a relative) through Georgia to Savannah. I have discovered that the name BAYES comes from BAYEAU, which is Norman French and means "bay waters."

Roz:
You probably know of Mark Lozier of Wauseon.
It seems that Marilyns great great grandmother and our great-great grandfather were born about 4 years apart in Somerset County, Pa.
Could they have been brother + sister?

Death of William W. Bayes

William W. Bayes was born in Somerset County, Pennsylvania October 1st 1809. His parents, when he was eight years old, moved from Pennsylvania to Holmes County, Ohio. In 1834 he was married to Mary Tedrow. To them were born eight children, all now living but one. In September 1837, he moved to what is now Fulton County and settled on the farm on which he died. His cabin was among the very first built in Clinton Township. He entered heartily into the work of clearing away the forest and developing the resources of the country. He early saw the necessity of school and religious training of the children and did all in his power in that direction. His house was the home of the pioneer preachers and his cabin was for a time the church building. By his influence and liberal support in the early settling of the county, the M.E. Church is largely indebted for its commanding influence in this community. His wife died June 6th 1869, from that time he lost interest in the activities of life. In December 1883 he was stricken down by paralysis from which he never recovered. After a sever illness of eight weeks he died November 1st 1885 at the ripe old age of 76 years, 1 month and 1 day, loved by all who knew him.

never too busy nor too tired to be found regularly in the place of worship, or deem it a hardship to care for their soul's welfare, or the interests of Christ's kingdom in seeking the welfare of others.

Lamenta Bayes was the mother of ten children, of whom five preceeded her in death. The living at time of her death, were Campbell, Wilber Fiske, and Diadem Bayes of Wauseon, Henry of Bryan and Margaret of Manton, Mich. She also had twenty-four living grand children and twenty one great grand children. Mother Bayes never was a strong woman; yet she was always hopeful, cheerful and resigned to whatever God had in store for her. She was very companionable and gathered to herself many friends. She was ambitious, yet contented and nothing gave her more pleasure than the visitations of her friends, bringing her news of the church. She loved the church paper and her Bible. All the years of the existence of the Methodist church in Wauseon, her name has been carried upon its records. When she knew the end of her earthly career was over, she looked beyond with hopeful anticipation of that joy and rest which God assures shall be the portion of those who love him. Funeral services were conducted at the home of her son, Campbell Bayes, Friday at 10 o'clock by Rev. W. W. Lance. OBITUARY BY REV. LANCE.

mode of life. For more than forty years he faithfully and extensively kept a meteorological record, and eventually was commended for his work by the national bureau. He was also a close student of ornithology, and his reports of bird migration eventually brought him associate membership of the American Ornithologists Union. He also was responsible for the publication of a history of Fulton county, published in volume form in 1905. He died in 1917, aged seventy-six years, having lived an active, useful, and diversified life.

It is not possible here to give extensive mention to all the pioneer families of Clinton Township. No history can possibly be complete, no matter how voluminous; and the historian must be governed in his narration by the space at his command.

William W. Bayes, who married Mary Tedrow in 1834, came into Clinton Township in September, 1837. He died in 1885, aged seventy-six years. His log cabin "was the home of the pioneer preachers, and

Obituaries

Beginning with this issue, we are proud to present obituaries submitted to the Fulton County Pioneer Society. The obituaries were mostly hand written by family members or close friends or neighbors. The Fulton County Pioneer Society was founded in 1883 with Col. Dresden W. H. Howard as President because he was considered the earliest resident of Fulton County. The Pioneer Society met twice a year for a combined township meeting. These meetings were all day affairs with an hour and a half lunch break picnic. Members would meet at either the county fairground or county courtyard to discuss the history of our early pioneers. At each meeting they would announce the deaths of the pioneers who had passed on, assigning someone to prepare an obituary/bio to be read at the next meeting. Most of the obituaries which we will be publishing were written for pioneers that died between 1883-95. Thanks to Mark Lozer for his efforts in preserving these records.

Gideon Ayers was born in Wayne County, Ohio, April 29(?), 1834 and died September 9, 1892. At the age of three years he came to reside in Fulton County and remained here until 1851 when he went to California and remained in the next fourteen years. Four years and eight months of this time he served in the war of the rebelion (sic). In 1866 he returned, and has made Fulton County his home ever since. Submitted by Eliza Ayers, Tedrow OH, July 10, 1893.

Wm. W. Bayes was born in Somerset County, Pennsylvania, October 1, 1809 and died at his home near Wauseon, Ohio, November 1, 1885 at the ripe old age of 76 years...Wm. Bayes' parents, when he was but eight years old, moved to Holmes County, Ohio. In the year 1834 he was married to Miss Mary Tedrow and three years after marriage in Sept. 1837, he with his young wife came to what is now Fulton County...His cabin was among the very first ever erected in Clinton Township. The forest fell before his axe and soon a little cleared spot, constantly enlarging, developed into the pioneer farm, small fields, rail fences, and plenty of stumps...Mr. Bayes was among the foremost to look after the intellectual and religious needs of the neighborhood. His house was the home of the pioneer preacher and for a time at least his cabin was used for church services...The wife of his youth died June 7, 1869, after which said event he lost much of his former interest in his surroundings and the activities of life; always experiencing much joy in his church relationship however...He was stricken with paralysis in December 1883, and hence forward was almost helpless and a constant sufferer until death which came nearly two years later.

WILLIAM W. BAYES, was born in Somerset County, Pennsylvania October 1st 1809 and died at his home near Wauseon, Ohio November 1st 1885 at the ripe old age of 76 years. The span of a life, how briefly told, but a life like his is not hidden when mother earth receives its fellow dust – a man – such a man as he does not cross to live when the pall of death settles upon the brow. Life goes out but he lives on in pleasant memories, noble of deeds, active labors, sweet mementos of living memories, grateful hearts and only in the rounded measure of eternity can such a life be measured and estimated at its time worth.

William Bayes parents when he was but eight years old moved to Holmes County, Ohio. In the year 1834 he was married to Miss Mary Tedrow and three years after marriage in September 1837 he, with his young wife, came to what is now Fulton County and what most this county had been at that early date. My own memory dates back to a period at least 15 years later and what a vivid picture is presented to my mind of gnat forest, cleared patches, hives and sores, log cabins with stick chimneys, muddy roads, impossible roads and no roads – swamps and soils, bone peckers, cow bells and mosquitoes, corduroy, blue jeans, colic and drilling, bare foot men and women or with old shoes strapped to their feet with cow hide for Sunday. At the time of the arrival of our brave young couple into what is now Fulton County, roads were hardly known, by ways were cut to suit the occasion, cabins were few, school houses almost unknown and the worst mill at Maumee. Going to mill was attended with more hardship and fatigue in those days than a trip to New York now.

His cabin was among the very first ever erected in Clinton township, the forest fell before his axe and soon a little cleared spot, constantly enlarging, developed into the pioneer farm, small fields, rail fences and plenty of stumps but fertile soil always rewarding the husbandman (provided the lakes of water soaked away in time for the seed sowing and planting). Mr. Bayes was among the fore most to look after the intellectual and religious needs of the neighborhood and continued largely to these ends. His house was the home of the pioneer preacher and for a time, at least, his cabin was used for

church services. The Methodist Church in the county round about owed much of its prosperity to his efforts and in turn yielded to him a rich foliage of enjoyment. How those pioneer Methodists enjoyed their church privileges, how they went to meeting in log cabins, school houses or barns and quarterly meeting occasions, how their log cabins were filled with the worshiping guest come perhaps from many miles away. Beds were made upon the floor so thick that they almost touched each other.

I will remember the time when the deceased, Uncle Tommy Bayes and others, used to stop at my fathers log cabin, on those ever memorable occasions and what found joyous happy meetings they had, what happy lives were theirs too. The whole life of Mr. Bayes was that of the typical pioneer one among this foremost in every good word and work, a teacher in doing kindly deeds and noble acts. To Mr. and Mrs. Bayes were born eight children, all of them living but one and all of them among our last and most useful citizens.

The wife of his youth died June 7, 1869 after which sad event he lost much of his former interest in his surroundings and the activities of life; always experiencing much joy in his church relationship however. His interest never stopped when talking of his early struggles and he seemed especially joyous when talking of the pioneer preachers, especially Herbert and P. Elder Brooskenridge and some others whose names I do not now remember.

He was stricken with paralysis in December 1883 and hence forward was almost helpless and a constant sufferer until death which came nearly two years later. “Uncle Bill” familiarly so called by old and young, was one of a few old men whom the writer always especially remembered for their just, pure, upright lives and we gladly pay this memento of respect to the man. Whose life was always one of pure motives and whose memory is a perpetual benediction. Kind, pure generous hearted, old friend, hence! And farewell!

Each visit to Wauseon, the town of my birth, I am filled with nostalgia for the days gone by and for the wonderful people who were "My Family."

Grandmother Bayes (Frances Mary Fraker), known to many as Aunt Frank, was a daughter of Nancy Ann Krytser (1822-1899) and William Fraker (1822-1891). Nancy Ann was William Fraker's second wife. Their children: Harvy (married Ella Leonard), Lucius (married Sarah Thompson), Frances Mary (married Elliott Bayes), George Elmer (married Elizabeth Biddle), Martha (married John B. Meister), Josephine (married L. Stevens).

Aunt Martha and Uncle John Meister lived in Pettisville and are still remembered for the general store they owned. Two of their three children are deceased and John, the surviving son, lives in Archbold.

Aunt Josephine Stevens and her husband settled in Noble (Cleveland area). Their children were Grace, Gertrude, and George. George was killed in World War I, Gertrude Kinnamon lives in Cleveland and Grace Mehaffey lives in Ocean City, New Jersey.

Nancy Ann Krytser (Grandmother's mother) was the daughter of Isaac and Frances Fraker (daughter of Nancy McKee who was born in County Down, Ireland and came to Westmoreland Co., Pennsylvania in 1786 when 9 years old. She died in Greentown, Ohio in 1849).

The marriage of Isaac Krytser and Frances Fraker produced 13 children: John Bole, born June 9, 1821, *Nancy Ann, born June 9, 1821, Family moved to Starke Co., Ohio when twins were 1 year old, Martha Custis, born Jan. 5, 1825, Isaac Fine, born Oct. 17, 1825, Calvin R., born Oct. 18, 1826, Alpheus, born Dec. 28, 1827, Harvey Morrow, born Dec. 2, 1829, Frances, born Sept. 17, 1832, Milton, born Aug. 29, 1834, William Augustus, born May 30, 1836, Lydia Marie, born May 30, 1836, Ira Franklin, born Dec. 21, 1839.

Isaac Krytser (1789-1861) was the son of John Krytser (1756-1806) and Ann Fine of Holland.

Their children: John, Henry, George, *Isaac, born in Philadelphia about 1789; Maria.

John Krytser (1756-1806) died on the Mississippi River, 40 miles above Natchez, when engaged in the transportation of merchandise to New Orleans.

While there may be some discrepancies in the above information, it is as near to being factual as the records I have show. The more we delve into the past, the more we wish we really knew more about our forefathers and their lives.

CHRISTIAN BECK

Christian Beck with his family, arrived in German Township in about October of 1834 and joined five other families that arrived earlier the same year. This was the first colony of white settlers in German Township. It can be said, almost without exception, that all the Becks in the Archbold area are descendants of this pioneer.

Christian Beck was born in Alsace, France, November 12, 1798, but as a young man went to Switzerland and was married to Maud Harmon in about 1820. While in Switzerland he was married and ordained to the ministry. Due to restricted religious freedom and persecution in Switzerland many Anabaptists left for the new world. In 1832 Christian Beck decided to take his family of eight to the new world.

In May of 1832 Christian Beck with his family left Langnau, Switzerland for LeHaure, France. They had their spring wagon loaded down with their personal effects, blacksmith and locksmith tools; a load of approximately one ton. A daughter of Mrs. Beck, from a previous marriage, also accompanied the family. The family watchdog and pet also followed, walking under the wagon. John was the oldest child, a lad of 12, Christian, Jr., Gottlieb, about 6 years, Peter and Elizabeth. A son, Little Gottlieb, had died in Switzerland. The stepdaughter, mentioned previously, when about 15 years old and living in German Township, disappeared mysteriously and was never found. It was believed that a wild beast, a bear or wolf, made her its victim. Wolves and bears were numerous in this area in those pioneer days. The son, Christian Jr. grew to manhood and he too left the community and was lost to the family's knowledge.

When the Beck family arrived at LeHavre, France, the father left his horse and wagon with the eldest son, John, then 12 years old, while he went to find a buyer for the horse and wagon. Soon a stranger approached the son and wanted to take the horse, trying to convince John, in a strange language, that he had purchased the horse. Neither could converse in the other's language; however the boy refused to give up the horse! The father happened to arrive about the time the stranger tried to take the horse. Christian Beck was a very strong high tempered man; consequently he took hold of the would-be thief and after much misunderstood talk, kicked the stranger with such force that he rolled in the dirt.

Soon passage was arranged and the family was soon aboard ship and sailing for the New World. Before boarding ship, the father instructed John to drown the family dog since dogs were forbidden aboard ship. The dog disappeared from sight. As

Fulton Co. Ohio
1850-1976

his teen years, he worked with livestock and crop production on these farms and became competent as an operator of large field equipment. When the family moved back to Fulton County (David had been born in the old Detwiler Memorial Hospital in Wauseon) in the fall of 1974, he brought with him the three automobiles he then owned. At age 15 he had started to invest his earnings (from lawn mowing, farm work and other odd jobs) in cars that he felt would become classics or would be of special interest and therefore would increase in value.

He sold a restored 1948 Plymouth in September, 1975 for almost enough money for a year of college. Two Imperials are waiting for an increase in value. One has been restored and one has not. These are presently sheltered in the heavy-timber barn built in 1861 that stands back of the cemetery on the Roland Baumgartner farm at Lauber Hill.

Although not of significance to a history of Fulton County per se, for the genealogy of David Baumgartner, it is interesting to note that David is now living in Morral Tower on the OSU main campus at Columbus. This residence hall is standing on land that was part of the original OSU College of Agriculture farm that David's great grandfather, Franklin Pierce Stump, managed and farmed for the university following his graduation from the college in 1892.

From David's dormitory bedroom window on the 22nd floor of Morral Tower he can look northeast into the open end of the OSU football stadium. He can look directly east to see the south end of Townsend Hall on Neal Avenue where Franklin P. had his assistant professor and farm manager's office. David can see the trees standing southwest of Townsend Hall that were in the house-yard of the farm house where Franklin P. and his wife Lillie (Werder) Stump set up housekeeping in 1893.

Frank was unusual in that he was orphaned at an early age, and "worked his way" through college. Lillie was unusual in that she was the first woman ever to be enrolled in the OSU College of Agriculture. As one of his duties as OSU farm manager, Frank purchased the first team of horses for (and had them shipped to Wooster) the Ohio Agricultural Experiment Station that was then being established.

Frank and Lillie were both Van Wert County natives and went back there to buy their own farm and turn it from a swamp into one of Van Wert county's most productive farms. His farm was used as an outpost for OSU and Ohio Agri. Exper. Station on-the-farm demonstrations and experiments until his death in 1931. Among the many firsts for his farm: first pole barn in Van Wert County — a two story "T" shaped barn with bank (the barn still stands); first fertilizer grain drill (furnished by Ohio State University) in Van Wert County; first clay field drain tile in Van Wert County; first on-the-farm wagon scale for measuring performance of crops and livestock (scale also furnished by OSU). This scale was dismantled and moved to the Lauber Hill farm in Fulton County by Roland S. and John F. Baumgartner in the early 1950's.

Franklin Pierce Stump (May 11, 1867 to January 20, 1931) was the son of Rufus and Rachel (Eller) Stump. Rufus and Rachel Stump are great, great grandparents of David Alan Baumgartner. Franklin P. married Lillie (Werder) Stump (born October 20, 1872 to December 30, 1962). Lillie was the oldest of the six children (all girls) of Henry Werder (January 14, 1847 to February 1927) and Eliza Agnes (Carson) Werder (December 3, 1851 to May, 1923). Henry and Agnes Werder were great, great grandparents to David Alan Baumgartner. Eliza Agnes (Carson) Werder was the daughter of Jackson Washington Carson. Jackson Carson was a cattle buyer, and a great, great, great grandfather to David.

Like the carefully spun web of the spider, the ancestral threads of one 18 year old Fulton County native lead out in many directions. Like the web of the spider, not all threads reach the same distance. Unlike the meticulous spinning of a web by the spider, this tale is more like a road map that unfolds — a section at a time — and sometimes in the border holds items of special interest.

*Lillie Werder Stump traced the relationship between Jackson Carson and the frontiersman Kit Carson (1809-1868), but we have not located her record. We think they were brothers or perhaps first cousins.

ELLIOTT BAYES FAMILY

One day in October, 1975, I stood on the sidewalk in Wauseon, Ohio and watched the traffic come to a halt as a freight train chugged across Fulton St. I remembered fondly the days when horses and carriages were as commonplace in the village as the automobiles are today.

My family would travel from Philadelphia to visit my maternal grandmother and other relatives who lived in Wauseon or nearby. Grandmother was Mrs. Elliott Bayes who, by the time I was born, had been widowed and lived at the corner of Elm St. Across the street was Uncle Charlie Jordan's greenhouse and flower shop. He wasn't an uncle, but everyone called him "Uncle Charlie." A friend to all children, he was an integral part of my memories of Wauseon. My brother and I looked forward to a visit with him and as fast as our little legs could carry us, we would race across the street to announce our arrival in town.

Grandma loved to cook and the tantalizing aroma of spices and goodies permeated the house. No visi-

tor ever went away hungry and any neighbor, sick or in need, could always count on a meal from her kitchen.

Frances Fraker was married to George Elliott Bayes in March, 1876. Elliott was the grandson of Thomas Bayes and the son of William W. Bayes and Mary Tedrow.

William and Mary Bayes were the parents of: Elizabeth Ann (Ayers), Jane Stevens, *George Elliott, Isaac (married Fanny Guilford), Melissa (married James Campbell), Meek B. (married Catherine Meeder), Mary, Agnes.

Elliott was a private in Company D, 130th regiment of the Ohio National Guard Infantry. Under the act of June 27, 1890, Frances, as his widow, was entitled to a pension which was eight dollars a month plus two dollars a month for children under sixteen.

After the war, Elliott taught school for many years and farmed as well. He married Grandma when he was 36 years and she was 22 years old. Children born to Elliott Bayes and Frances Fraker: 1. Helen Inez (1879-1957). She studied at Oberlin College and also worked as a milliner to help with the family's finances. Grandma was determined to have her children receive educations and many sacrifices were made both by Grandma and by her children. In 1907 Helen was married to Melvin Elmer Bark of Royalton, Ohio. Elmer taught school in Royalton and Brecksville until he accrued enough money to pay his tuition at Case School of Applied Science in Cleveland. He graduated in the class of 1906 as a mechanical engineer. As a result of his friendship with Blaine Bayes, another student at Case, he met the Bayes family and married Helen. After their marriage, they left Ohio and moved to Philadelphia where Elmer taught engineering at the University of Pennsylvania. A son, Francis Howard Bark was born in Philadelphia in 1909. A graduate of William and Mary College, Williamsburg, Virginia and the Pennsylvania Museum and School of Industrial Arts, he is now retired and living in Ashland, Oregon with his wife Agnes. A son, Frank Henry, is a banker in Richmond, Virginia.

In 1913 a daughter was born. Helen decided that she would like to be at home in Wauseon with her mother for this baby, so Helen Elizabeth was delivered in August by Dr. Maddox and thereby her home town is Wauseon and she is a Buckeye. Betty is now married to John G. Booth and lives in Gwynedd, Pennsylvania. (Northwestern suburb of Philadelphia). She attended Miami University, Ohio, graduated from Pennsylvania School of Horticulture for Women, and from Gwynedd Mercy College as an R.N. Their children are John Richard Booth, D.D.S., Spring House, Pennsylvania; David Elliott Booth, Landscape Architect, Beaufort, South Carolina; Martha B. Lane, R.N., wife of Carl E. Lane, M.D., Roanoke, Virginia; Robert Allen Booth, Marketing Representative, Chicago, Illinois. Helen and Elmer Bark are buried in the North Royalton Cemetery in the Bark plot. 2. Harry Bayes (1882-1960). A lifetime resident of Wauseon, Harry was a frail man, never in the best of health. He taught school, was a bookkeeper and a farmer. He attended Oberlin College and Toledo Business College. He died in 1960 and is buried in the Bayes plot in the Wauseon Cemetery. 3. Howard Blaine (1883-1904). While a student at Case School of Applied Science in Cleveland, he became ill and unexpectedly his life was ended at 21 years of age. He is also buried in the Bayes plot at Wauseon. 4. Florence Mary (1886-1965). Graduated from Miami University, Oxford, Ohio, Florence taught school in Wauseon for several years. She decided to further her education and went on to study sociology and social service subjects. The remainder of her life was then spent as a social worker in an endeavor to help the poor and the underprivileged. Florence became a member of the Society of Friends and is buried in the graveyard at the Radnor Friends Meeting house, Radnor, Pennsylvania. 5. Marjorie Ann (1890-1911). Marjorie also graduated from Miami University. She was inducted into Phi Beta Kappa and also won a scholarship to Bryn Mawr College, Pennsylvania, for advanced study. During treatment for a minor ailment, infection set in and another young person in this family was taken at the age of 21. Marjorie was very musical and sang in many operettas and with many choruses. She is also buried at Wauseon in the family plot.

Uncle Harry Bayes, Grandma's eldest son, owned a farm in Wauseon. When we were in town, it was absolute delight to go out to the farm. For city children, the everyday chores on a farm were real fun. We scattered grain for the noisy, cackling chickens, gathered the newly laid eggs, watched the cows being milked and helped put the milk cans out for collection. Sometimes we could ride the hay wagon into the barn and jump from the left to the wagon piled high with fragrant hay. On a lazy summer day when the horses were at pasture, if we were lucky and quick enough to catch a horse, we could enjoy a bareback ride around the fenceline, hoping not to be brushed off as Old Dobbin raced under the low branches of the trees.

When Dobbin was hitched to the buggy and off we went, clippity clop, to town or maybe to Pettisville to visit Aunt Martha Meister, no greater thrill could be afforded a small girl than to hold the reins in her hands and feel that she controlled this great spirited animal.

Then there were days when my brother and I would sit by the side of a shallow creek, holding a stick with a string and a bent pin — sometimes a

Margaret (Bayes) Mikesell 1811-1855

Margaret (Bayes) Mikesell was born in 1811, daughter of Thomas Bayes (1775-1850) and Anne McMillen of PA. She grew up in Somerset Co., and came with her parents in about 1820 to Holmes Co., OH. On May 23, 1833 Margaret married William Mikesell. He too was born and reared in Somerset Co., PA. William was born Jan. 16, 1810, the son of George and Mary (Bayes) Mikesell. They had two son and one daughter. In 1836 William an his brother-in-law Thomas Bayes, Jr. came to the wilderness of what is now Fulton Co., OH and they made entryof fourteen 80 acre tracts of land for themselves and certain friends. In 1837 William and Margaret and their family came to their new home, section 14, north of John Linfoot. They were faithful and devout members of the Methodist Episcopal Church and their little home was the place for holding the services. They were the among the first members of the class which developed into thesociety which comprised the Methodist Episcopal Church of Wasuseon. He was an official of the church for many years, thus continuing until a few years of his death which occurred July 13, 1883, aged 73years, 5 months and 21 days. His wife Margaret died of cancer Dec. 4, 1855. After her death William married a second time to Catherine (Pfouts) Bayes, widow of Meek Bayes in 1856. They became the parents of David Mikesell. Catherine died Dec. 26, 1869, and is buried in the Bayes Cemetery.

When Was Your Ancestor Born?

The Gregorian calendar is the calendar commonly used in the world today. It is a correction of the Julian calendar that had been in use since 26 AD. Leap years were mis-calculated in the Julian calendar so that by 1582, the calendar was ten days behind the solar year.

In 1582, Germany was a collection of small principalities, duchies, city-states, and feudal estates. The new calendar was officially adopted by the Catholic dioceses and states in Germany between 1582 and 1585, but many Protestant states did not accept the new calendar until the 1600s.

As a result, there were two different dating systems used in various areas of Germany throughout this time period. In some cases, Catholic and Protestant congregations in the same city may have used different calendars at the same time.

The Gregorian calendar was finally accepted throughout Germany in 1700, when the Protestant commission adopted it. In that year, 18 February was followed by 1 March.
